This program is designed to:

- Increase Self-confidence
- Increase Social Interaction Skills
- Improve musical skills and knowledge

This 4 week program will provide participants with the opportunity to learn about African drums and various percussion instruments such as cowbells, tambourines and finger cymbals. Every week participants will have the chance to beat out their own rhythm on our new Camp K African drums and instruments. Don't miss this opportunity to dance to the beat of your own drum!

"If a man does not keep pace with his companions, perhaps it is because he hears a different drummer. Let him step to the music which he hears, however measured or far away."
